

FUN ANIMAL FACTS

Find out about these friends!

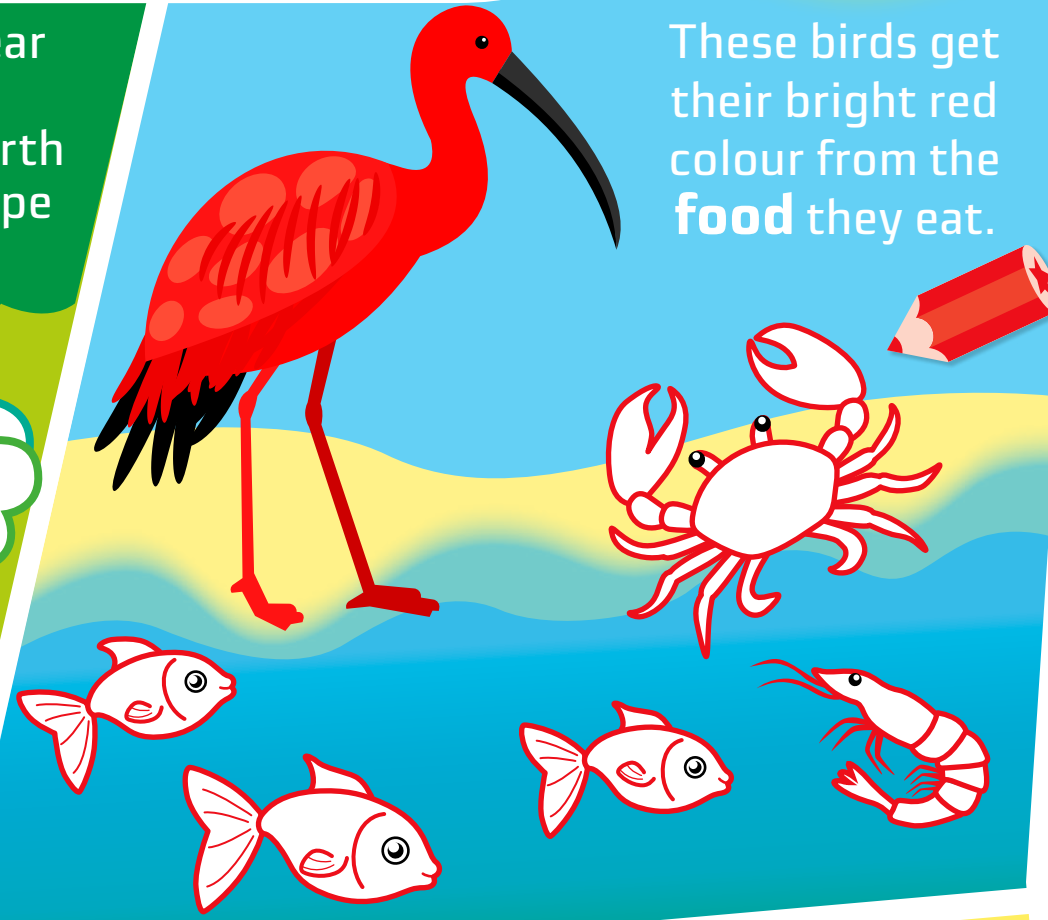

BROWN BEAR

The brown bear lives in the forests of North America, Europe and Asia.

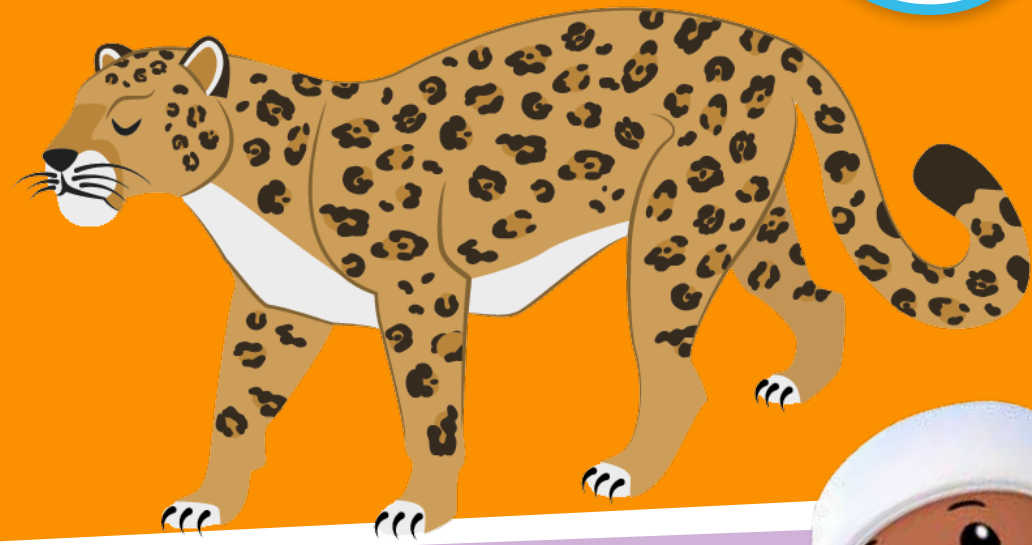

SCARLET IBIS

These birds get their bright red colour from the food they eat.

JAGUAR

Jaguars' spots are called rosettes because they look a bit like roses.

Smells really nice!

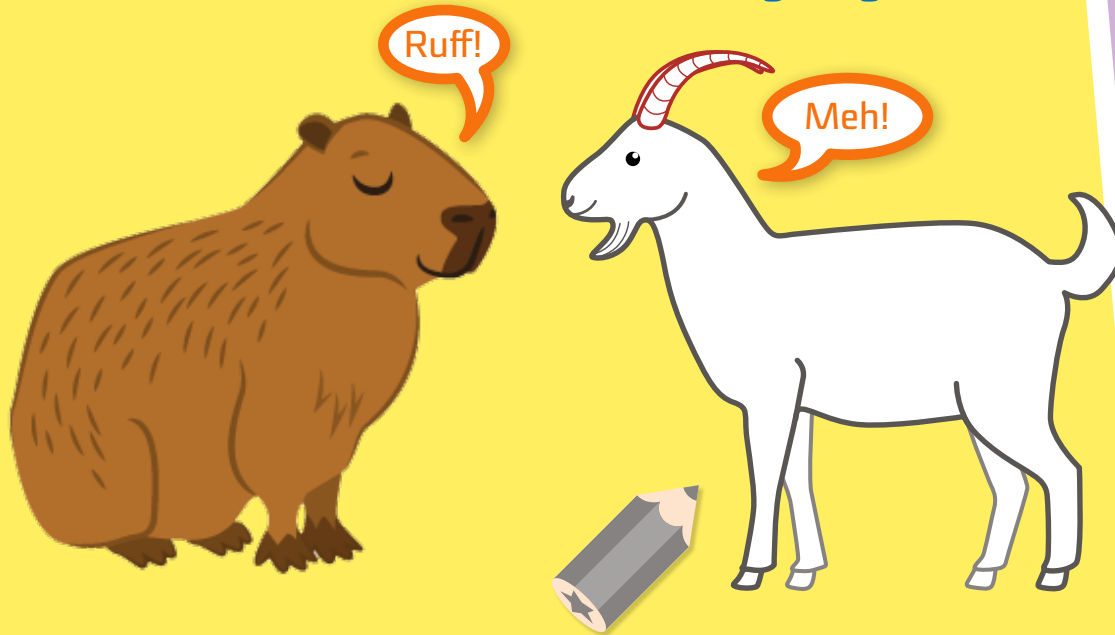

NARWHAL

Narwhals are called the unicorns of the sea.

CAPYBARA

Capybaras are the biggest rodent in the world. They're as big as goats!

IGUANA

Iguanas can regrow their tail if it falls off! Draw this one's tail.
