# Grandmaster Glitch Model

1

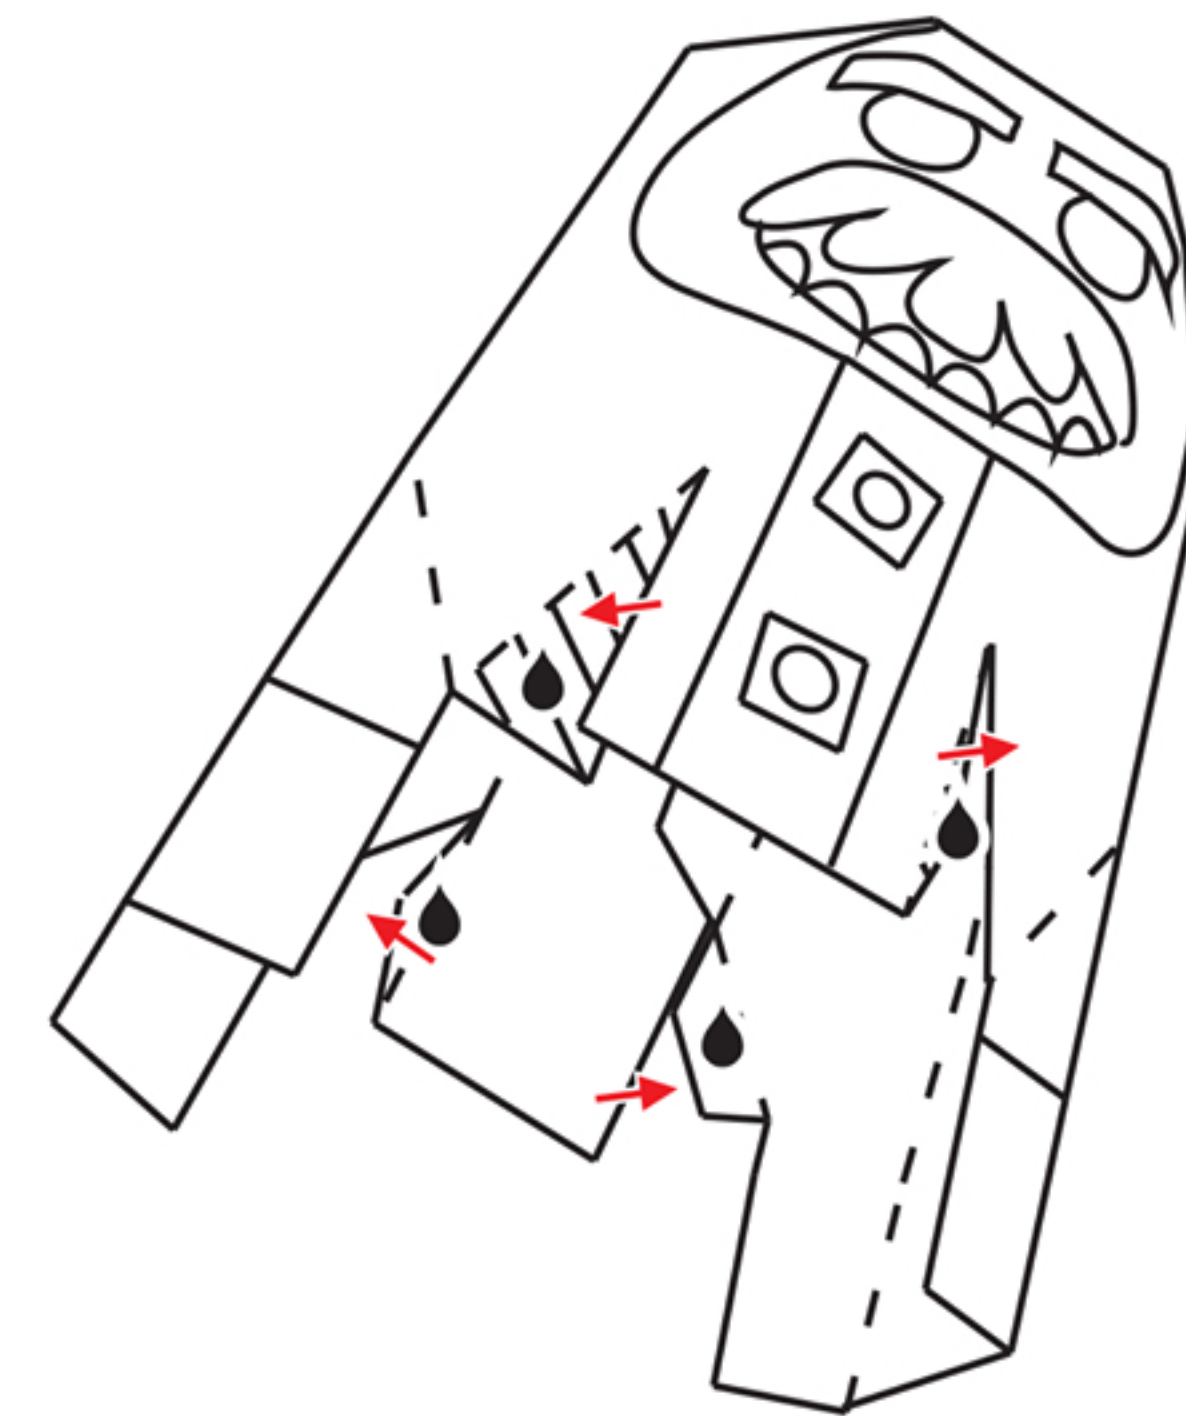

**Glue the long side and  
press down to join both  
sections together**

2

**Glue the 3 tabs then  
press down the top  
section to hold  
together**

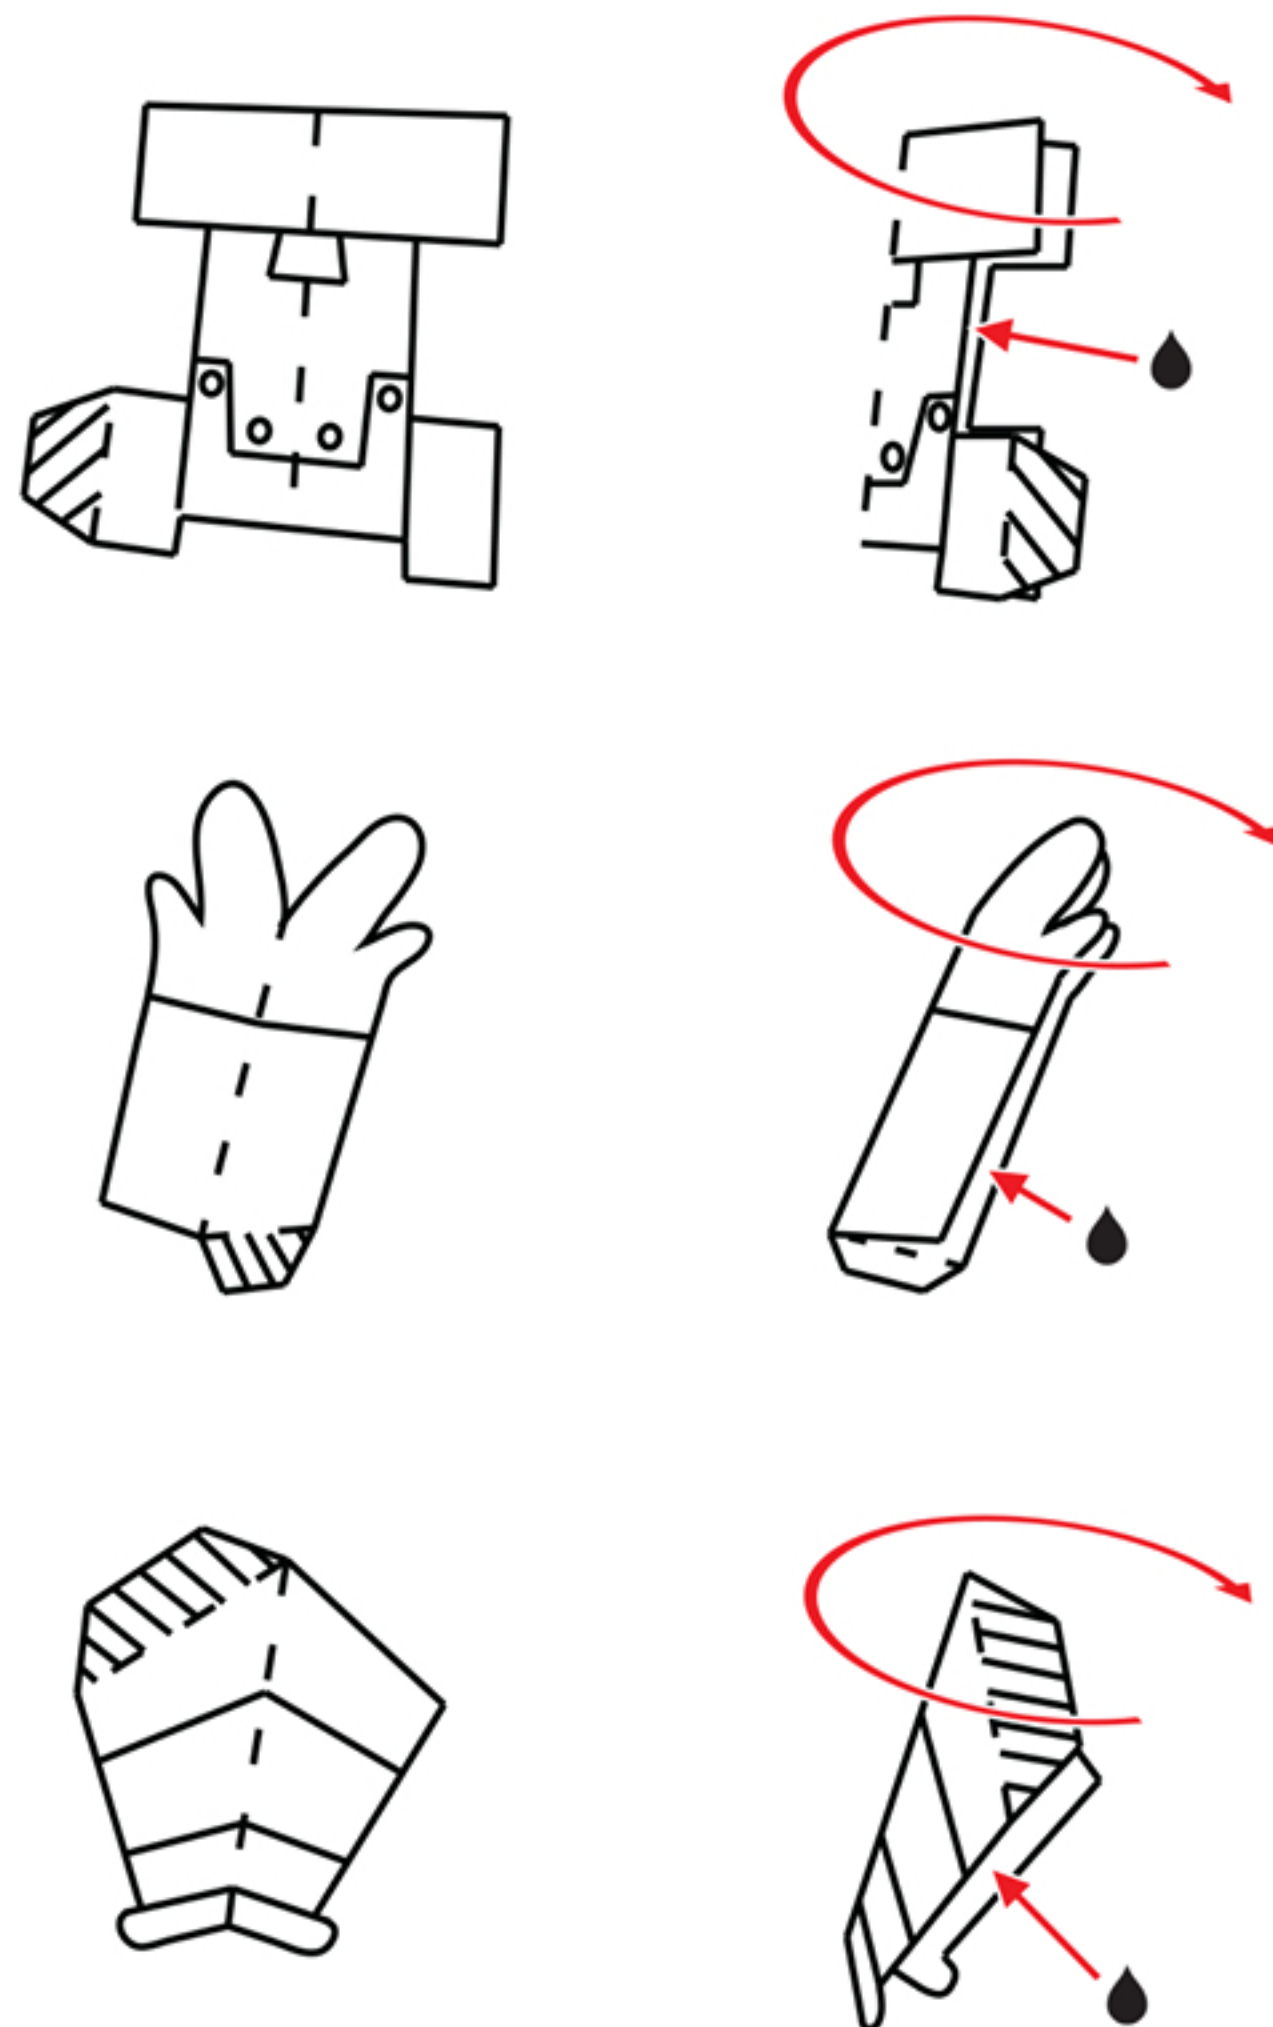

3

**Glue the tabs then pull in  
the bottom section and  
press down**

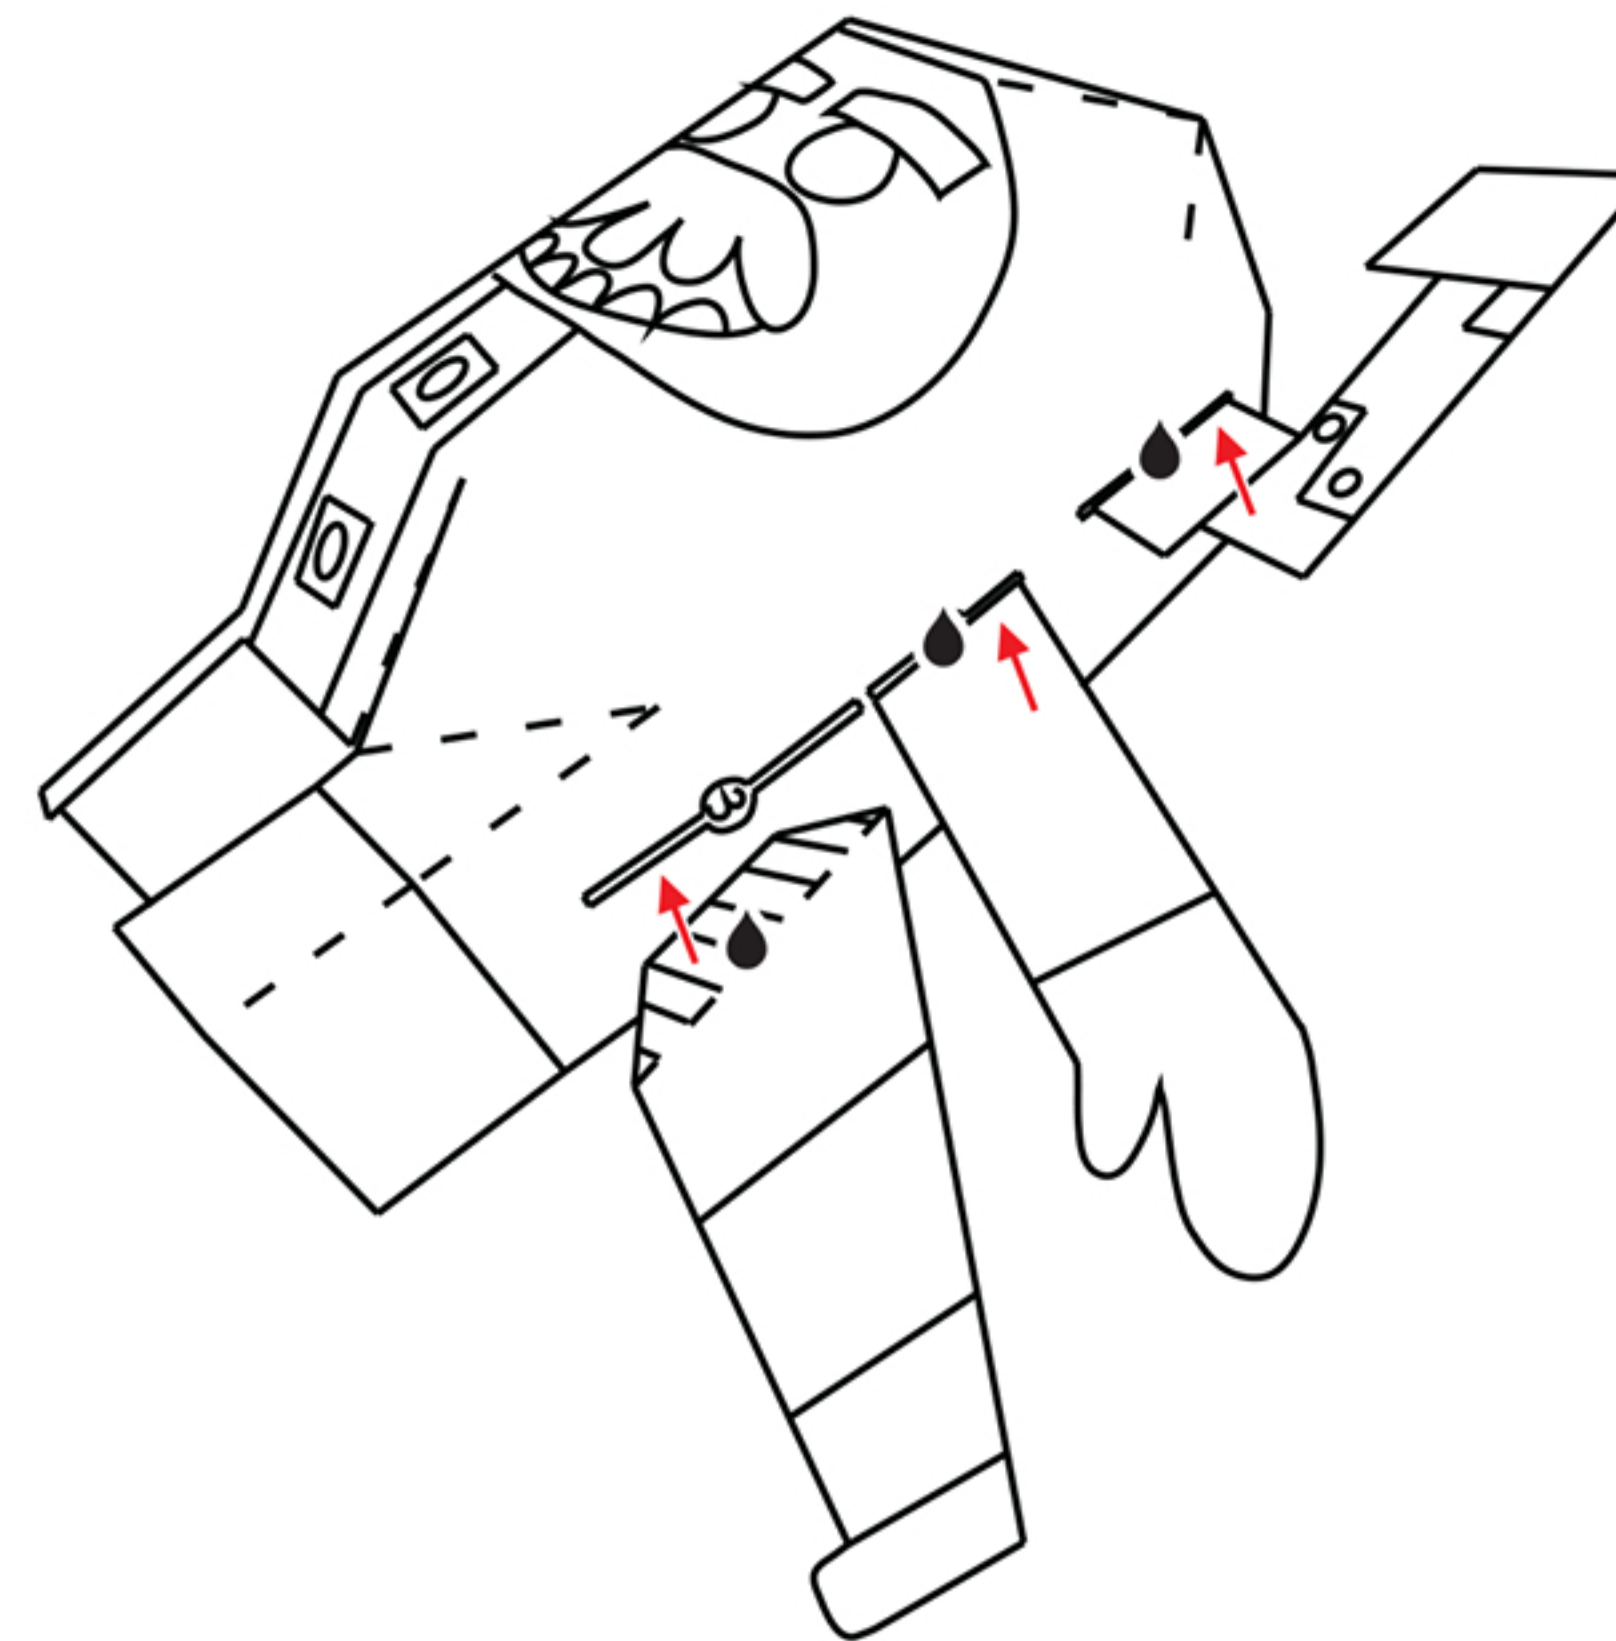

4

*After folding, glue the inside of each cut out and press down*

5

*Glue the tab, then slip into the side slit. It helps to put a finger inside to press down the tab*
