

# GHOULISH GLITCH PUMPKIN STENCIL

Difficulty Level: Tricky

Grown up needed: Yes

**Instructions:** Print out this template at the size you want. Hold it onto the pumpkin and draw over the outlines firmly with a pencil. This will make an indentation onto the surface of the pumpkin. Using a sharp knife, gently carve out the top layer of skin to create the shape of Glitch's face. Glitch's eyes and moustache can either be cut-out and removed or left on.

Carve out top layer

Cut-out, or leave
