

## Christmas Tree Decorations

Decorate your tree with your favourite Go Jetters adventurers in 3 simple steps

All you need for this simple craft are four craft corks, paint, paint brushes, pencil, string, scissors, and some fast drying glue.

Start by covering your corks in white paint and leave to dry. Then draw on all the details of Xuli, Kyan, Lars and Foz with a pencil.

Next paint their body colours, and then add in all the unique details like their star logos and faces.

Finally cut off a small piece of string and tie a knot with the ends to make a loop for hanging. Glue the knot to the top of each Go Jetters cork.

**You "Aced It!" - as Kyan says**

These Go Jetters will look pretty funky and cool on your Christmas tree. Santa will be so impressed.
